Adele: Beloved Superstar

Adele's artistry has built a global fanbase that's second to none

120 million albums sold worldwide

16 Grammy awards, including two for Album of the Year

An Oscar for Best Song - "Skyfall"

An Emmy for Outstanding Variety Special - "One Night Only with Adele"

18 Billboard Music Awards

Adele is clearly an in-demand and prolific artist,
but it's nearly impossible to see her live...

She rarely tours, and when she does, she often plays exclusive venues with ticket prices to match.

"You all were fantastic last night! What you have is very unique. From the talent, to the team work, audience participation, and the perfect pitch, facial expressions & mannerisms. You rock! Thank you for a wonderful evening to remember."

Sandy S. / The Write-Off Room

"Sarah Stallman as Adele is fantastic. If you close your eyes, you'd swear you were listening to Adele. Her ability to capture Adele's powerful and expressive vocals and her endearing and commanding stage presence is mind blowing. Sarah really highlights and celebrates everything there is to love about Adele!"
